

Bibbee House

Herrick Archives Number H 403

This house, located at 194 King Avenue, was willed to the University by May Lynas Bibbee to be used as a home for student nurses. It was transferred to the University by the Probate Court on August 1, 1962 (Deed book 2416, page 318).

The house was inspected by representatives of the School of Nursing and others, and on February 28, 1963 Director Mildred Newton proposed in a letter to R. H. Pollock that it be used to house 15 to 18 students.

Inspections by representatives of the Business Office led to a recommendation that the house be sold rather than remodeled for the proposed use, and that the house at 182 W. Tenth Avenue (Building 965) be purchased as a replacement.

The Board of Trustees on May 17, 1963 authorized the sale of the building on King Avenue and the purchase of the Tenth Avenue property.

The property at 194 King Avenue was transferred by warranty deed dated November 13, 1963 to Joe D. Humphrey.
